SMART **TeamWorks**™ software

Plan. Collaborate. Recap.

SMART TeamWorks software is designed to leverage the power of SMART Board® interactive displays for fast, flexible and limitless collaboration. With one-touch meeting launch, a dynamic workspace, wireless screen sharing and customized PDF summaries that you can email, SMART TeamWorks is your end-to-end collaboration solution.

Available by subscription.

Windows® 10 compatible

SMART.®

Remote participation means everyone can contribute – in real-time

The Connected and Server editions of SMART TeamWorks lets participants add notes and dynamic content to the connected workspace – from any device and location. Remote team members can manipulate content as easily as their colleagues in the room.

Subscription Editions

Applications

Plan and launch

- Integration with **Microsoft Exchange** for easy scheduling and set up of meetings
- SMART Board automatically turns on when you walk in the room and displays the meeting **calendar, date and time**
- Start meeting from calendar display with one-touch Exchange, **Skype®** and dynamic workspace launch
- Customizable **home screen** and **application launcher** screen

Collaborate and share

- **Dynamic connected workspace** lets teams add and interact with all sorts of content – images, PDFs, Microsoft Office® files, websites and videos – for limitless collaboration
  - Participants can **join and contribute** to the dynamic workspace from devices via meeting PIN, QR code or ultrasonic pairing through a free app
- Unlimited sticky note pad to add ideas and files
- Voice to text conversion
- **Wireless screen sharing** for up to 8 devices – iOS® (AirPlay), Android™ (Google Cast), and Windows® (Miracast) – at 60Hz for no lag

Unparalleled Collaboration – Only with SMART Board interactive displays

- **SMART Ink™** software lets colleagues write into dynamic content including shared screens and save changes in the PDF recap
- **Simultaneous Tool Differentiation** lets multiple people use pens, erasers and fingertips at the same time

Recap and reset

- Email or save a customized summary PDF of the dynamic workspace content
- Clear the dynamic workspace with a touch or voice command
